Element Locker Series

Configurable to Future-Proof Your Investment!

The Package Concierge® Element Locker Series is designed to help you meet your dynamic business needs now and in the future with site configurable lockers.

By simply swapping out different door sizes and removing or adding shelves, you can easily adjust the quantity and size of available locker compartments in a system already installed. This helps you future-proof your investment by adjusting the system to accommodate growth or other changes in your business.

Made in the USA by our experienced design and manufacturing teams, this robust modular system can easily be expanded and complies with US electrical and fire safety standards; all while looking sleek and enhancing the value of your facility.

Indoor Locker Standard Features

- Pre-configured double column modules
- Dry Cleaning locker module includes hanger mechanisms
- Patent-pending site configurable locker process
- 10" x 8" touchscreen, camera barcode Reader
