Package Concierge®

Robust Solution

Indoor Element Locker Series

Made in America's Heartland by our experienced design and manufacturing teams, this robust modular system can easily be expanded to fit your needs.

As a carrier-agnostic solution, pair your Indoor Element smart locker system with an access-controlled package room to accommodate 100% of your resident's deliveries.

Enhance the value of your facility with this intuitive smart locker.

Approved Internationally

The Package Concierge® Element Locker Series has been tested and deemed both CE and UKCA approved; meeting all compliance and legislation in the UK and EEA.

Safety Compliance

Manufactured by Florence Corporation, the Package Concierge® Element locker series is ETL certified to UL STD 62368-1 and 60950-22 SUB 2361 in compliance with US electrical and fire safety standards and is identified with the ETL Listed Mark. (ETL Certification #4010527)

Standard Features

- Pre-configured double column modules
